

Capability Statement

Planet Products Corporation

Services & Capabilities

- AS9100 & ISO9001:2000 Registered
- Precision Machining
- Production & Short Run Machining
- 4 & 5 Axis CNC Capability
- Close Tolerance Assemblies
- Specialty Hydraulic Motors
- Electromechanical Assembly
- Machine Building & Testing
- Engineering, Testing & Evaluation
- CAD/CAM Machine Programming
- Drawing Conversion Ability

Company

Planet Products Corporation is a privately held woman-owned (WBE) contract manufacturer founded in 1947. Specializing in manufacturing precision, close tolerance, and highly critical components and assemblies, Planet has systems in place to assure product is produced to the highest levels of quality and assures traceability through sub-contract operations to delivery.

Excelling in production runs of 10 to 1000 pieces, Planet employs a highly qualified staff of experienced engineers, machinists, welders, and assembly personnel who follow documented processes to assure the finished product is produced to customer expectations. Our expertise is finding solutions to difficult problems and integrating various processes to deliver complete assemblies to our customers within schedule.
